## Section 2.1

**11–22.** Grade the evens only. 2 points each. 1 point for effort, 1 point for correctness.

- 28.** (a) 3 points. 1 point for effort, 1 point for a good explanation, 1 point for using complete sentences.  
(b) 4 points. 1 point each for the correct fill-in-the-blank symbol.  
(c) 5 points. 1 point for effort, 4 points for correctness (here you would deduct 1 point for a small mistake, 2 points for a large mistake, 3 points for a misunderstanding, and 4 points for showing no understanding).

**30.** 5 points. Same as 28d

**44, 46.** 3 points each. 1 point for effort, 1 point for progress, 1 point for a correct answer.

- 52.** 4 points to each part. 1 point for effort, 1 point for showing some supporting work, 1 point for a correct answer, 1 point for an example. It's okay if they use the same example for the two parts of the problem.
